

# RIVER RIDGE DEVELOPMENT AUTHORITY

## Charlestown State Park/River Ridge Commerce Center Water Rates Effective November 1, 2014

### How your rate is calculated.

Water rates include a fixed and a variable charge. The fixed charge, or the meter rate, is the price that all customers pay monthly to have an uninterrupted, safe water supply available on demand, regardless of how much water they use. The variable charge, or the commodity charge for water used, is then added to the fixed charge for the final water bill amount.

### Fixed cost component of rate:

Meter Size	Meter Rate	Fire Protection Water Connections (No Change)
5/8 inch	\$15.42	\$2.10
3/4 inch	\$23.13	\$3.15
1 inch	\$38.56	\$5.25
1 1/2 inch	\$77.11	\$10.48
2 inch	\$123.38	\$16.78
3 inch	\$231.34	\$31.47
4 inch	\$385.57	\$52.45
6 inch	\$771.15	\$104.98
8 inch	\$1,233.83	\$167.96
10 inch	\$1,773.64	\$272.94
12 inch	\$3,315.93	\$451.40

### Commodity cost component of rate:

Thousand Gallons	Current Rate
First 15	\$2.83
Next 3,735	\$2.08
All over 3,750	\$1.55
