Q: What if I do not know what my tax savings is by June 1st or July 15th?

A: If the business does not know their tax savings by June 1st, they should file an extension (EZB-E) by June 1st, which will enable them to file the EZB-R form by July 15th. If the business still will not know the tax savings by July 15, an EZB-R form is still due by July 15th; however, the form will be incomplete. As soon as the tax savings amount is known, the business must submit a complete EZB-R form and, if applicable, send a check for 1% of the tax savings to the IEDC and a check for 49% of the tax savings to the RRUEZ.
